

Publications JKU

Publications of the Johannes Kepler University

In close collaboration with Oracle (formerly Sun Microsystems), several research projects of the [Institute for System Software](#) at the [Johannes Kepler University Linz \(JKU\)](#) are based on the Java HotSpot™ VM. Parts of the research are already included in the product version of the VM.

More information and an up-to-date list of publications is available at <http://sww.jku.at/Research/Projects/JVM/>
