

Quarterly Report for Q2 2014

Quarterly Report for Q2 2014

The Adoption Group has a [mailing list](#), a [web site](#), a [wiki](#) and 8 [Group Members](#), of which 8 have been active on the mailing list or contributed to the wiki in this quarter. In addition, 10 Participants have contributed to this Group's discussions in this quarter.

The Adoption Group has not voted on new Members, sponsored new Projects. It published a quarterly report in this quarter for Q1 2014, which is available on its wiki.

Mailing list traffic

In total, 18 Participants have been active on the Group's mailing list in this quarter, posting 74 [messages](#) in April, 36 [messages](#) in May and 23 [messages](#) in June 2014, resulting in 133 messages in total.

Notable mailing list threads

In April, the Group [discussed](#) suitable approaches for new contributors to get involved with warning fixing efforts, the improved Project and per-Project repository [listings](#) on the OpenJDK Mercurial infrastructure, migration of [introductory](#) and [other](#) content to its wiki pages, a [proposal](#) for build documentation updates, upcoming [events](#), and the [draft](#) quarterly report for Q1 2014.

In May, the Group [discussed](#) the Draft JEP: JDK Core Libraries Test Stabilization, OpenJDK 8 [adoption](#) in Fedora and Debian Linux distributions, the updated Secure Coding [Guidelines](#) for Java SE, Betterrev [building](#) on CloudBees infrastructure and Java & JDK 8 from a .NET developer [perspective](#).

Finally, in June, the Group's discussions centered around a [successful](#) DevovxUK / "Hack the Tower" OpenJDK hackday.

QA Outreach

As part of a QA outreach effort by this Group's Members, 18 FOSS Projects and their developers listed on the corresponding [Wiki](#) page have been regularly contacted to announce the availability of Early Access (EA) builds based on various OpenJDK Projects, and encouraged to report back any issues they found during their testing. With about two thirds of the contacted Projects regularly testing such EA builds, a number of issues could be found and fixed in time prior to a release.

In this quarter, developers from participating projects filed 8 new issues in the JDK Bug System, 6 of which could be resolved. 3 of the issues filed turned out to be P2 issues, like issue [JDK-8042589](#) found by the Apache Lucene development team, and issue [JDK-8041481](#) found by the Groovy development team.

Events

Adoption Group Members led, organized and participated in a number of public events promoting community involvement in the development, adoption and evangelism of OpenJDK projects during this quarter.

JUGs

In April, the LJC held another [OpenJDK Hackday](#). OpenJDK Hackdays have been a regularly occurring event at the LJC in this quarter, with further events taking place in [May](#) and [June](#).

Conferences

In May, the geecon conference hosted an Early Adopters [panel](#) with Adoption Group Member Daniel Bryant.

In June, the Devovx UK conference hosted a [presentation](#) by Adoption Group Members Daniel Bryant and Martijn Verburg focused on OpenJDK adoption.

Looking forward, a number of Group Members plan to attend the Java One conference in the next quarter and speak at the corresponding [BOF](#).

Wiki contributions

In this quarter, 3 Group Members have updated 5 pages on this Group's wiki.
