

# Push Approval Request Template

Push requests for the regular JDK 8 Update Project forests (jdk8u-dev) MUST be sent to the [jdk8u-dev@openjdk.java.net](mailto:jdk8u-dev@openjdk.java.net) mailing list and SHOULD follow this template:

Subject: [8u\$N] Request for approval for CR \$NR - \$Synopsis

With the body containing:

- either a link to the publicly visible bug on the [bugs.java.com](https://bugs.java.com) site (or its equivalent), or a description of the change in case that there is no publicly visible bug to link to
- either a link to the publicly visible webrev or a link to the original changeset in the [JDK Project](#) if it's the same patch.
- if the review is taking place somewhere else, a link to the public review thread. If the review from the JDK Project is relevant, a link to it should also be included.
- if the fix has already been reviewed for inclusion into jdk8u-dev, the list of reviewers

Note that post Rampdown Phase 2 pushes to a release require extra levels of approvals. Developers need to request a [phase 2 approval](#) in such cases.
