JDK 7 Updates: Push Approval Request Template

After a new Project Lead was not identified and several months of inactivity, the Project was dissolved Apr 2023. Discussion about reinstating a JDK 7 Updates Project may be held on discuss.

Push requests for the regular JDK 7 Update Project forests (jdk7u-dev) MUST be sent to the jdk7u-dev@openjdk.org mailing list and SHOULD follow this template:

Subject: Request for approval for CR $NR - $Synopsis

With the body containing:

- a link to the publicly visible bug on the bugs.openjdk.java.net site (or its equivalent)
- either a link to the publicly visible webrev or a link to the JDK 8 changeset, in case it's the same patch as the corresponding changeset committed for JDK 8.
- if the review is taking place somewhere else, a link to the public review thread
- if the fix has already been reviewed for inclusion into jdk7u-dev, the list of reviewers
